ABOUT ME

As a motivated and adaptable person, I excel in dynamic environments through effective communication, self-learning, and collaborative problem-solving. With strong attention to detail and exceptional time management, I deliver high-quality results while efficiently managing multiple tasks. Having led a team of twelve medics, I honed my leadership and decision-making skills, fostering cohesion and delegation. I seek opportunities to enhance my skills and stay current with industry trends. Passionate about excellence, I strive for personal and organizational success. Bilingual in Hebrew and English.

WORK EXPERIENCE

FIVERR FREELANCER
Full-Stack Web Developer *04/2021 - Present*

- Developed and delivered high-quality websites for diverse clients (mostly in React and Node.js) .
- Successfully managed multiple projects simultaneously, ensuring timely delivery and client satisfaction.
- Established a strong reputation as a reliable and skilled web developer, earning positive reviews from satisfied clients.
- Created responsive and mobile-friendly websites to ensure optimal user experiences across devices.

PSYCHOLOGIST CLIENT
Front-End Web Developer *01/2023 - Present*

- Collaborated closely with a psychologist client to design and develop a professional website that effectively represented their practice and services.
- Implemented responsive design principles, and integrated necessary features to enhance user experience.
- Ensured adherence to client specifications, providing ongoing support and addressing any updates or modifications.

PROJECTS

PAWTNER – *https://pawtner.vercel.app*

I established and developed Pawtner, a dog adoption website, handling front-end, back-end, and design aspects. I created an intuitive user interface, integrated databases, and ensured a seamless user experience. my driving passion is to empower dogs adoption process and connect them with loving homes.

- Utilized: React, TypeScript, Node.js, Express, MongoDB, Mongoose
- Built Admin dashboard to monitor data
- Presented engaging and informative insights for each breed, aiding potential adopters in making well-informed decisions aligned with their preferences and lifestyle.
